AT A GLANCE

Bedrooms	1-2
Bathrooms	1
Main	1140FT ²
Basement	N/A
Total	1140FT ²

The Mahood is one of our modern series of pre-crafted integrated timber homes. Our thermally-broken pre-fabricated panelized wall system provides fast on-site builds and an energy-efficient envelope. Zirnhelt Timber Frames pre-crafted homes provide for modern designs with flexible finishing options while retaining the traditional hand-crafted timber frame appeal and attention to detail you expect in a custom home. The covered decks and attached carport provide exceptional functionality while expanding the living space to the outdoors.

This single level design is perfect for a modest retirement home or cottage. The design system allows easy modifications including addition or removal of side decks, carports and sunrooms or screened porches. The same plan on a full basement (see other plans in this series) creates room for a basement suite or room to increase to a comfortable 3 bedroom home.
